Outgoing, creative, and able to thrive in any environment. Looking to work in an engaging environment and foster growth in myself and those I work with.

Experience:

- Private tutor for students ages K-12 in math, Spanish, and guitar (2014 - present)
- Gained leadership skills while serving as Club President of the Hugs Project (2017-2018) and Club Secretary (2016-2017)
- Served as customer liaison at Foothill Produce (2017), learning how to work with customers and ensure their best possible experience, as well as learning cash handling skills
- Learned management skills when serving as director of the play *It's a Wonderful Life* (2018) and directing a cast of 17 people
- Learned technical and industry aspects of an engineering career at innovative startup Orbital Composites (2019 - 2020) as an engineering intern
- Refined communication, marketing, and critical thinking skills as a manager of client acquisitions at Tutorfly.org (March 2020 - December 2020)
- Gained leadership and conflict management skills as an executive board member and active brother of Delta Tau Delta Fraternity at the University of Washington (2019 - present)

Education:

- Former member of the Cupertino Union School District's Gifted and Talented Education (GATE) Program
- Graduate of Homestead High School, Cupertino, CA (GPA: 4.2)
- Current student in the School of Engineering, University of Washington (Materials Science Engineering)

Skills:

- Quick critical thinking due to retail experience
- Experience working in fast paced environment
- Creative and innovative thinker
- Natural leader and team builder
- Basic SolidWorks and Python skills
- Fast learner
- Fluent in Spanish, Italian
- Always eager to learn new skills
- Play guitar and harmonica
- Produces music and DJs

Interests:

- Member of the International Thespian Society
- Played on Homestead High School Football and Soccer Teams
- Performing at open mics playing guitar and singing
- Writing and producing music
